B. Background

The Health District of Northern Larimer County (Health District) was established in 1960 as a tax funded public entity organized under the special district laws of the State of Colorado. It owned and

Based on an extensive assessment of community health needs, the Health District began introducing services in 1996 designed to improve the community's health status.

The Health District provides direct health services to priority populations and works collaboratively with multiple community partners to accomplish health improvements that no one agency can accomplish alone. The boundaries of the Health District encompass the northern two-thirds of Larimer County and include the cities of Fort Collins, Laporte, Wellington, Timnath, Livermore and Red Feather Lakes.
